TESTIMONIALS - Work Smart Workshop

“The session was really awesome and very insightful. It gave me practical tips that I can actually use in my daily work. The presenter explained things clearly and made it easy to follow along.

I learned new ways to manage my time and tasks better, and I already feel more focused and organized. It wasn't just helpful, it was motivating too. I'd definitely recommend this session to anyone who wants to be more productive.” **S. McIntosh**

“Great workshop, loved every hour of it. The tools and methods discussed have assisted me in creating a productive roadmap for myself and working with different personalities in a team. Engaging, funny, productive, motivating, just a breath of fresh air. Appreciated the workshop as an eye opener..” **L. Golding**

The Work Smart sessions were a huge success as they were very engaging. Since I had one-on-one coaching, we focused directly on the issues that I was experiencing. My workdays are now more productive as a result of the coaching received.

Thank you, Althea Walters
- Lavern. Llewellyn

TESTIMONIALS - Leadership Workshops

The Leadership Development training was well developed and executed to the class of managers/supervisors. It was very engaging with role plays, scenario examinations, discussions, sharing etc. I would highly recommend this training to other managers/supervisors. I really appreciated the training and have been actively incorporating key areas daily as I execute my work.

Simone Lloyd, GISP Senior GIS Manager –Ministry of Economic Growth and Job Creation

“One thing that stood out for me in this Leadership Training was the Self-assessment exercise where the leaders focused on themselves and assessed themselves as Leaders, which is important in changing the dynamics of the current workplace. I would highly recommend this Training to Companies to improve the leadership skills of their Leaders and Managers.”

- Roshane Reid – Manager, Trade Board Limited

“The training was satisfying and reflective. It delved deep into areas that I struggle with and has equipped me with the 'how' to get started on the path to correction. Thanks, Althea... You were super awesome!!!

- AswandaStoddart – Customer Service Manager, Supreme Ventures Ltd

*“I believed that this Leadership Training was just another activity to delay my planned tasks.... but I was wrong... a good experience worth the time. Very Effective and well needed Training - **Aldien Anderson, IT Manager***

TESTIMONIALS - Change Management

“The lessons were easy to follow and templates shared were quite relevant and useful to our current environment. I believe that there were many aspects of the presentation that as managers we can adopt in our sensitization sessions with our teams and which would aid in our whole understanding and application of the Change model in reinforcing and sustaining change.” – Marie Lue – Passport Immigration and Citizenship Agency (PICA)

“The Training was very engaging & thought provoking.” – P. Williams

“I participated in a Change Management Workshop facilitated by Blazing Beyond, the facilitator was engaging, professional and informed; she was poised for questions thrown at her and most importantly I did not find myself watching the clock and yearning for the session to end! A. Waugh

“This was a great session, Althea was quite knowledgeable and able to help us understand and translate the content for others to understand. The trainer enabled the participants to feel relaxed which aided open participation.” - Aleta Bartley

“The different ways on how to communicate change stood out for me in this training as well as the items I need in my toolkit to effect change. This was a well facilitated workshop by Mrs. Walters”. – Paula Walker

“It does not matter how learned you are; until you have knowledge of this topic then you are in for a rude awakening to achieving future success. Change is the only constant in life so knowing how to navigate it will be needed in all aspects of your life. Thanks Althea for your informative and lively presentation.” - Dainty Wilson

TESTIMONIALS - Goal Planning

I recommend that this course be introduced to newly employed persons in any organization. This course has opened my eyes that it takes mental and physical effort to achieve what I really want, and how to make my goals a priority.

From this experience and training, I have decided to make more short term goals by writing down my steps and use a checklist to achieve them first, which I think will make my long term goals achievable.

*“After taking this course, I was able to understand why my goal of starting my self care product line was not getting off the ground. This course provided me with the tools I need to plan, implement and launch my product line. I am now much more clearer in what needs to be done for my venture to be successful. I would recommend this course to anyone who struggles with setting and achieving their goals”. **Rosemarie Laing***

“Always had set goals in mind but just didn’t know where to start or go or how to achieving that said goal. This session has taught me the fundamentals on how to go by achieving my goals. I must commend the presenter. She was well received “.
